HOMEWORK 14

1. Jamie's mystery number is 4 less than the product of 6 and 3. Joe's mystery number is 3 times the sum of 4 and 3. Whose mystery number is greater? Show how you know.

2. Mrs. Hendrixson needs to purchase expo markers for 704 Ahern mathematicians. If expo markers are sold in packages of 25, how many packages will she need to buy?

3. Julia read for 55 minutes on Monday, a half hour on Tuesday, 35 minutes on Wednesday, 20 minutes on Thursday, and twice as many minutes on Friday. How many hours did Julia spend reading this week?

4. Six business people meet for lunch and shake hands with each other. Everyone shakes each person's hand.

How many handshakes are there?
