

Name: _____ Class: _____ Date: _____

POW 2

Ed is a farmer who charges \$3.75 for 5 pounds of potatoes. The table below shows the rates charged for potatoes by other farmers.

FARMER	Joel	Siya	Maddie	Emmett
RATE	\$0.50 for $\frac{1}{2}$ pound	\$0.75 for 1 pound	\$1.75 for $2\frac{1}{2}$ pounds	\$6.00 for 8 pounds

Determine whether the unit rate charged by the other farmers is **less than**, **equal to**, or **greater than** the unit rate charged by Ed.

1. Joel's unit rate is _____ Ed's unit rate.

2. Siya's unit rate is _____ Ed's unit rate.

3. Maddie's unit rate is _____ Ed's unit rate.

4. Emmett's unit rate is _____ Ed's unit rate.
